

Grading Practices

School: Ocean Lakes High School

Subject(s): AP Calculus AB and BC

Grade Level: 9-12

Homework

- Homework is defined as a task assigned to students intended to be completed outside the classroom
- Homework usually falls into one of three categories: practice, preparation, or extension
- Students who miss homework because of absence will receive the opportunity to make up missed work
- If a student does not turn in an assignment on the due date, the teacher will enter an appropriate notation (i.e. M-Missing, NS-Not Submitted, AB-Absent, I-Incomplete)
- While late homework assignments may be accepted, full credit may not be awarded
- Individuals with extenuating circumstances will be dealt with on a case-by-case basis
- Homework is < 10% of the quarter grade

Late Work

- Assignments are expected to be handed in on the due date
- If a student does not turn in an assignment on the due date, the teacher will enter an appropriate notation (i.e. M-Missing, NS-Not Submitted, AB-Absent, I-Incomplete)
- While late assignments may be accepted, students who are tardy in their submission may be charged a 10% late fee
- The teacher is not obliged to accept late work once the unit has been finished

- Individuals with extenuating circumstances will be dealt with on a case-by-case basis

Explanation of Zeroes

- Teacher will refrain from initially assigning a zero for work that is missing
- An appropriate notation (i.e. M-Missing, NS-Not Submitted, AB-Absent, I-Incomplete) will be put into the grade book meaning the assignment has not been turned in
- It is the student's responsibility to make every effort to complete missing work
- Teacher will use discretion for exceptions for extenuating circumstances
- Students who exhibit a chronic pattern of behavior around missing work will receive a referral for support services

Reassessment

- A student may be permitted to retake a major test if he or she has scored below a 64 (received a failing grade). The student can retake a summative assignment with a maximum possible score of 80%, however he or she must have demonstrated evidence of best effort on the learning leading up to the assessment
- Students must follow the retake process outlined below to take a reassessment
- A written request by the student, including an explanation for requesting the retake
- The student's demonstration of effort to attain mastery learning may include test corrections and being caught up with classwork and homework
- The student must arrange with the teacher for a retake
- If the test is passed on the second attempt, the failing grade shall be removed from the grade book, and the passing grade recorded
- End-of-semester exams cannot be retaken

Make-up Work

- Students will be given the opportunity to make up work for all excused and verified absences
- Immediately upon returning to school, the student must contact teachers concerning arrangements for making up work

- In the case of excused absences, students have two extra days for each excused absence not counting the day of return
- Work turned in after the allotted number of school days may receive a reduction in grade
- Work assigned at least two weeks in advance are due the day the student returns from an excused absence
- Students are expected to take a test or quiz on the day it is given unless they have an excused absence and have missed at least two consecutive classes before the test or quiz
- Under extenuating circumstances, the due date may be adjusted at the discretion of the teacher
- An assignment given to a student for make-up purposes will be given full credit provided it satisfies the conditions
- For pre-approved absences, work is due upon return to class

Extra Credit

- Extra credit shall be used sparingly and purposefully as an opportunity for further learning
- Students will not be offered extra credit if they have not completed all required assignments and assessments
- No extra academic credit may be given for bringing supplies, canned goods, or other items not associated with course and curricular objectives
- Extra credit may be given at the discretion of the teacher
