Consumer HSA-3K-6900 Embedded Plan

This plan uses a preferred provider network. While you can use any doctor, clinic, hospital, or healthcare facility you want; you save money when you use providers in the Blue Cross and Blue Shield of Texas Blue Choice PPO network. It's important to have a relationship with a Primary Care Physician (PCP) who can be your partner in managing your care. They can help you avoid duplicating tests and services and connect you to a specialist, but you are not required to see a PCP before you see a specialist.

These Plan Highlights address only particular aspects of the benefits available under the Plan. Various other expenses, limits, exclusions, and other rules also apply. For more details about your benefits, please refer to the individual Summary of Benefits and Coverage (SBC) and a Medical Plan book for each plan. If there is any discrepancy, these more complete descriptions will govern. TML Health reserves the right to amend or terminate the plan at any time, which may affect the information provided in these Plan Highlights.
