**Appendix A**

**Procedures for Receiving Hepatitis B Vaccine**

All employees who have been identified as having exposure to blood or other potentially infectious materials will be offered the hepatitis B vaccine at no cost to the employee. The following procedures will apply:

1. Employees covered by health insurance (either through the District or otherwise) should arrange to receive the vaccination through their personal health care provider. The District will reimburse employees any associated co-payments.
2. Employees who do not have health insurance coverage may go directly to Health Connections in Rockport to receive the vaccination. Health Connections will bill the District directly.
