A Message from Your

COUNCIL PRESIDENT

Founders Day is a reminder of the substantial role that the PTA has played locally, regionally and nationally in supporting parent involvement and working on behalf of all children and families. It is a time to reflect and take pride in our many accomplishments, and to renew our commitment to be a powerful voice for all children, a relevant resource for parents and a strong advocate for public education.

Founders Day is when we celebrate the legacy and work of our founders – Alice McLellan Birney, Phoebe Apperson Hearst and Selena Sloan Butler – to better provide education, health and safety for every child. Our founders represented women of imagination and courage. They had a simple idea – to improve the lives and futures of all children. They understood the power of individual action, worked beyond the accepted barriers of their day and took action to change the world for all children.

In observing Founders Day this March 1, we congratulate and celebrate the accomplishments of all our honorees, who have given so much of their time and energy to the children of Hicksville. Our outstanding honorees and the legacy of our previous honorees of the past 65 years provide a strong foundation on which to build a very promising future.

This year's District Honored Guest is someone who exemplifies the meaning of being a powerful voice for all children, a relevant resource for parents, and a strong advocate for public education. Mrs. Susan Strauss, Principal of Dutch Lane Elementary School, has been, and continues to be, a truly dedicated administrator. In the almost 15 years she has been here, Susan has had more of an impact on our district than most might realize. Her years of service to the Hicksville school community stretches beyond the doors of Dutch Lane Elementary School. Susan sits on numerous school district committees and has helped to spearhead many of the initiatives our district has implemented. Most notably, she was instrumental in the development of the special education program that is housed at her beloved Dutch Lane. While the needs of her students and staff are her priority, she views the future of our entire school community as the larger picture. She knows that the education and welfare of every student and family in our district is the most important duty that a district must fulfill. It is these qualities that have earned her this well-deserved honor.

Along with Mrs. Strauss, we will be honoring the many individuals throughout the district whose service goes above and beyond expectations, and has earned them the distinction of Founders Day honoree from their respective PTA units. I am proud to be your president of the Hicksville Council of PTAs and to be a part of this great community. Your dedication to our children, school and community is to be applauded. Congratulations to all our 2018 Founders Day Honorees!

Sincerely,
Annette Beiner

SPECIAL DISTINCTION

This year's PTA Founders Day Honored Guest is **Susan Strauss**. She is being recognized for her outstanding involvement in the community and for her commitment to the students of the district. To learn more about Ms. Strauss and her accomplishments, see page 2.

District Honored Guest

SUSAN STRAUSS

The 2018 Founders Day honored guest is Susan Strauss, principal of Dutch Lane Elementary School. In January, the second-time Founders Day honoree began her 15th year in the district, and since then has sat on various committees, including After-School Staff Development, Bond, Curriculum Council, Efficiency, Policy, Pre-Kindergarten Exploratory and Report Card Redesign. Susan holds a bachelor's degree and master's degree in reading from Queens College, and a master's degree in administration from LIU Post.

Susan says, "It is a privilege to be an educator and leader at Dutch Lane. I am overwhelmed being this year's honored guest, and I am honored to be a member of this district; this recognition is deeply appreciated." An accomplishment of which she is most proud has been participating in the launch of the district's pre-kindergarten program.

She lives by the quote, "Treat others as you would have them treat you." She strives to provide students with a safe, rigorous and respectful learning environment, and prides herself on how kind her students are to each other. One

of her favorite memories in the district is when she attended a special assembly during which several World War II veterans, who are Hicksville residents, received honorary high school diplomas. She says, "Young men, committed to defending their country, chose to immediately join the military, giving up their high school graduation. Seeing these veterans walk down the aisle in Hicksville High School's auditorium and finally receive their diplomas, knowing how very much it meant to them and their families, was a very heartwarming event."

Susan lives in Jericho with her husband of 46 years, Howard, with whom she has three sons, Eric, Jesse and Scott. She is also the proud grandmother of Eliza, Jacob and Matthew.
