

March 25, 2020

Dear Hampstead Parents,

Beginning Friday, March 27<sup>th</sup>, Hampstead teachers will be provided the option to use video conference platforms with students to supplement their remote instructional practices. We are excited to extend this option to our remarkable educators as we have the greatest confidence in their abilities to provide all students with the tools necessary to excel academically during this national isolation period. Teachers will be provided the flexibility to determine and adjust how best to apply the video conference tool to their own instructional practices and styles.

Communications from your child's teacher(s) on the specifics of video conferences will be provided through email or the Google Classroom platform.

The Hampstead school community has been amazingly supportive of the efforts and strategies implemented over the course of the past few weeks and we appreciate your continued support and patience as we formulate ways to perfect the delivery of our remote instruction in a way that benefits each and every Hampstead student.

Sincerely,

Dr. Earl Metzler,  
Superintendent of Schools

Michael Flynn,  
Executive Director of 21<sup>st</sup> Century Learning,  
Assessment and Technology
