2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fq/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

VISION STATEMENT

Richland Elementary School, located within the San Marcos Unified School District, will have a school environment that insures high academic achievement and self-worth for all preschool and transitional kindergarten through fifth grade students. Every student will have an equal opportunity to maximize their learning potential through the core curriculum, support programs and enrichment activities.

Students will be able to develop 21st Century Learning Skills i.e. creativity, communication, critical thinking and collaboration through an integrated Common Core State Standards based curriculum that is differentiated for all students. Individual and group productivity and responsibility will be recognized and rewarded. Students will progress toward college and career ready skills.

The staff is committed to receiving ongoing professional development to attain and retain the skills necessary to meet the needs of a diverse student population. Effective instructional strategies and approaches such as direct instruction, grade level teaming, small group differentiated instruction and inclusion of our Special Education students, Accelerating the Achievement of English Language Learners, implementation of Common Core State Standards, math practices and strategies, rigorous close reading, collaborative conversations and flexible skill groups will be utilized by all teachers to insure student success. The home, school, and community will be a strong and positive partnership that will work collaboratively to improve academic success and personal well being for all students. To fulfill this goal, all individuals in the partnership will utilize open, constructive communication and will exercise a mutual sense of respect and support for each other.

MISSION STATEMENT

The Richland staff believes that it is our responsibility to teach a rigorous and relevant curriculum to all students in a close partnership between home, school and the community. The effective implementation of this philosophy will instill in our students an appreciation and desire to learn and work hard, the ability to think creatively and critically, and the belief that they will be successful in their future years of schooling and chosen careers.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Reading Writing Listening and Speaking

Students receive a standards-based curriculum designed to “help build creativity and innovation, critical thinking and problem solving, collaboration, and communication fulfilling California’s vision that all students graduate from our public-school system as lifelong learners and have the skills and knowledge necessary to be ready to assume their position in our global economy.”

ELA CCSS

Students use a variety of instructional materials in ELA to meet these instructional goals.

English Language Development (ELD)

English Learner students engage in daily ELD lessons. These lessons provide EL’s challenging English language development to gain proficiency in a range of rigorous academic skills. ELD CCSS

School Facility Conditions and Planned Improvements

School Facility Conditions and Planned Improvements

The physical quality of our school building influences learning and teaching. Our school includes 41 classrooms, library, Makers Space, Professional Development room, and staff lounge. Richland opened in 1960 and provides a quality education for 792 students (as of 11/19/20). All permanent classroom and MPR have received modernization of the technology infrastructure. All classes have up to date state-of-the-art AV. Regularly scheduled maintenance is done to keep our school building and grounds in excellent working condition. Over Summer, 9 portable classrooms were demolished and alternate portable classrooms were installed as we broke ground on our rebuild. Classrooms will be complete by August 2022 with the MPR and playground facilities completing our \$62 million project by June 2023.

Cleaning Process and Schedule

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office and at the district office. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

2021-22 Opportunities for Parental Involvement

Richland Elementary
Parent Involvement Policy
2021-2022

We are adapting our instructional approach to learning since the onset of COVID 19 in our country and world as well learning in the midst of a complete school rebuild. . Under normal circumstances, there are many in person opportunities for parent involvement at Richland. As protocols change and information arises, we are creating safe ways to welcome parents and volunteer support on campus as the need and desire for a sense of community remains. We strongly believe that parents, in partnership with the staff, can and do make a real difference in the success of their children at school. Our tagline is a quote by the Dalai Lama that states, "It is vital that when educating our children's brains we do not neglect to educate their hearts." We are creating an inclusive environment where ALL children work together and learn from each other as we "grow" our children's character and minds.

Home/School Compact

Students, teachers and parents sign the Richland Elementary School Three Way Pledge, which delineates the roles of each in the education process. These agreements serve to focus all stakeholders on the attitudes and behavior needed for learning.

Coffee with the Principal

Parents are invited to virtual Coffee Chats held at the beginning of the school year, each semester, and as needed to update the community on COVID and rebuild updates. Our other topics range from national and state curriculum, or school specific information, like school safety and positive school culture and community service projects. This school year we are continuing our focus and communication on the parent involvement and support in their child's academic learning.

Annual Math/Language Arts Nights

Math and Language Arts Presentations will be, hopefully, be held in person in Spring 2022 to invite parents of all students, with

2021-22 Opportunities for Parental Involvement

a personal invitation to students receiving intervention services at Richland. Our Language Arts and Math presentations will include children and will have hands on literacy and math activities and opportunities for parents and their children to interact and learn at home.

Parent/Teacher Conferences

Teachers conference with individual parents was held virtually in October to share information regarding the student's performance and explaining their child's goal setting for the year. In addition, phone calls and written communication throughout the year keep parents abreast of their child's progress. Progress reports are distributed mid-way through each semester to communicate to parents when their children are at risk of receiving a report card academic grade or effort/citizenship grade below standard.

Parent Feedback

Parents are requested to give feedback each Spring regarding the academic and extracurricular programs. Information from this parent survey is used in planning the following year's activities and programs.

Monitoring Student Progress

Parents receive two report cards a year showing their child's progress in each academic area. These reports are in English and Spanish. In addition, progress reports are sent home at the midpoint of each semester for students who are not performing at the grade level standards or exhibiting satisfactory behavior or work habits. This year report cards and progress reports are uploaded to Parent Vue for online access. The Smart Balanced Statewide testing will return in the Spring after a two year pause and results will be sent to the parents during the summer. Parents needing additional explanation are invited to conference with the teacher or an administrator.

Home/School Communication

Parents are invited to read the online Family Handbook each September. This handbook includes the yearly calendar of events, instructional timelines as well as tips on parent support for students at home. Tips include preparing for parent/teacher conferences, homework help, healthy living, citizenship incentives and discipline procedures, test preparation and supporting readers at home. A weekly E-Blast is emailed home and placed on our website to keep parents up-to-date on current events at Richland, with our PTO, The FOR Club, and within our district. Our Richland website, as well as our PTO run Facebook page, also hosts a plethora of parent resources to encourage home school communication and partnership. We continue to use the School Messenger to give parents quick emails, texts or phone calls of important upcoming events or in the event of an emergency as a quick way to reach all Richland families. The addition this year is the use of Facebook Events to remind families are important upcoming events at Richland.

Parent Training/Education Nights

Both in person and virtual opportunities offered during the year to assist parents include:

- ELAC meetings are held 6-8 times a year. Parent education on a variety of topics is included at each meeting.
- Back to School Presentation
- ELA and Math Family Nights
- Community and County parenting workshops
- GATE parent meeting
- Positive Parenting classes via SMUSD

* Principal Coffee Chat

Continuing this year:

The Richland staff will continue to use the model of a Professional Learning Communities to increase the academic achievement of all students at their weekly PLC and Structured Teacher Collaboration Time. We focus on the following:

1. Academic Achievement for ALL students
2. Data Analysis of Essential Standards
3. Best Teaching Practices

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

School Safety

SB187 Safety Plan

Date the plan was last approved: October 2021

Date the plan was last reviewed with staff: 8/12/2021

The Comprehensive Safe School Plan includes data regarding crime, safe school procedures and compliance with laws including: (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) schoolwide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5, and (10) lock down procedures. A copy of the plan is available for inspection by the public at each school.

With our current rebuild, arrival and dismissal to campus is limited to two egress points this year. The staff monitors school grounds 15 minutes before the start of school and immediately after dismissal. We have crossing guards to help children cross the streets near our school every morning and afternoon. Individual classes practice monthly fire and disaster drills for their students. We ask parents to have children who are walking meet at the adjacent community park and return home immediately after school. Additionally, Richland Elementary, along with all elementary schools in San Marcos, have implemented a closed campus before, during and after school. In a normal school year, we use a visitor tracking system (Ident-i -kid) to check visitors name with State Database to ensure all adults on campus are legally permitted. Any volunteers admitted to campus must also show their vaccination cards.

Teachers work with individual students and may hold classroom meetings to discuss conflicts between students as needed as part of our Restorative Practice curricula. A fulltime district counselor works with all students with social skills and conflict resolution.

Professional Development

San Marcos Unified School District (SMUSD) is committed to the belief that the strongest predictor of student achievement is the quality of the teacher inside the classroom. In support of this belief, SMUSD is deeply committed to teacher learning and professional development as evidenced by our district mission statement.

San Marcos Unified School District's Mission Statement includes these commitments:

- "hiring and retaining only the best educators and investing in their success."
- "providing quality education based on high standards, effective practices, continuous improvement, and innovation."

Every new teacher in our district engages in a rigorous 2 year training program where the new employee receives 30 hours of professional development on our research-based instructional framework, the Essential Elements of Instruction (EEI). These instructional strategies apply to any curricular area and any grade level. New administrators to the District receive professional learning in this instructional framework as well as the National Institute of School Leadership (NISL).

Our elementary level focused professional learning on Orton Gillingham, Ready Mathematics, Professional Learning Communities, Gifted and Talented Education (GATE) Certification, and Synergy. Professional learning was grounded in meeting the academic and social emotional needs of students post pandemic. Ongoing training and PLC cycles supported learning recovery interventions in the classrooms and extended learning groups. A refocus on ongoing formative assessments and data driven discussions allowed for teachers to provide students with prescriptive academic and social emotional interventions and enrichment opportunities. Teachers who work with students with special needs engaged in ongoing collaboration to implement more inclusive delivery models.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
