7th / 8th GRADE REGISTRATION FORM

2023-2024

Required classes: All students will take English, Social Studies, Science, Math, and one semester of Health and Fitness. Each student's math class will be assigned based on various data points including state assessments, district, and in-class assessments.

Schedule Change Policy:

We encourage students at registration to make thoughtful decisions regarding elective preferences. Students should carefully consider the courses they select because teachers and classes are determined based on course selections of individual students from the previous winter. Therefore, **students who receive the courses they select will not be allowed a schedule change due to a change in preference.**

Students who are on Individual Education Plans (IEPs) receiving special education services will be placed in accordance with the supports outlined on their IEPs.
