

DHEC is coming to your child's school to give flu shots.

Is your child signed up?

The flu vaccine is the best protection for your child against the flu.

Getting your child a flu shot at school will save you a visit to the doctor's office.

Protecting your child with the flu shot means fewer days of missed school and work for you and your family.

The flu shot is given at no cost to you. Ask your child's school for more details.

prevent the flu.

SCHOOL FLU VACCINE CONSENT
Waccamaw High School
Flu Clinic Date - November 2, 2022

Fall 2022

Dear Parent/Guardian:

The South Carolina Department of Health and Environmental Control (DHEC) is working with your school district to provide flu vaccines at your child's school this fall. This year DHEC is offering both the flu shot and the flu nasal spray. It is important that all children get vaccinated every year.

There will be no cost to you or your child for the flu vaccine/nasal spray at school. If applicable, payment from Medicaid will be made to DHEC on your behalf.

If you would like your child to get a flu vaccine or flu nasal spray at school:

1. Go to <http://www.scdhec.gov/slvccconsent> using your smartphone, computer or tablet or scan QR code with your smartphone to access the link.

2. Then, enter [12201025] as your validation code.
3. Complete the online consent and click "submit."

If your child is under the age of 9, he or she may need to get a second flu vaccine or flu nasal spray for the best protection. You will be notified if your child will need a second flu vaccine or flu nasal spray.

If your child does not receive the flu vaccine or flu nasal spray at school, please contact your child's healthcare provider or health department to get the flu vaccine or nasal spray.

Sincerely,

Jonathan Knoche, MD, MPH, MSt Medical
Consultant, Immunization Division

Once you have completed the Parent Consent Form online, please contact the DHEC Regional Immunization Office for your county before the scheduled vaccination clinic, if any of the following events occur:

- There are any changes in your child's health.
- You decide you no longer want your child to receive the flu vaccine at school.
