Updates for 2021 HEP Compliance

- ❖ **Health Enhancement Program (HEP) Requirements have been Reinstated for 2021**
- ❖ The HEP Portal has been updated to show your current status and any outstanding requirements for 2021. All 2021 requirements should be completed by December 31, 2021.
- ❖ To View your HEP requirements please log onto **CTHEP.com** and register to view your personalized HEP portal. If you have any questions please contact our customer service line at 1-877-687-1448.

How HEP Works

- All requirements and chronic condition education are measured per **calendar year**
- Preventive requirements are determined by **age and gender**
- Chronic conditions are determined through claims and medication history on an individual basis
- Claims are received by CMSI on a weekly basis which are used to capture compliance.
- All requirements (preventive and chronic education) are to be completed by **December 31** of each year
- If you have joined HEP at any time after **January 1st** of the current year, you will have until the end of the following year to complete your requirements

Chronic Condition Education and Counseling

The HEP program requires participants who have been identified with one or more of the following chronic conditions to complete annual educational requirements related to their disease, as well as accept a call from a CMSI registered nurse if one should reach out:

- Diabetes (Type 1 or 2)
- Asthma
- COPD
- Heart Disease/Heart Failure
- Hyperlipidemia
- Hypertension

All educational materials can be found at CTHEP.com

Benefits of HEP

HEP does not only benefit your health, it also rewards employees and their dependents with a number of financial benefits by remaining compliant with the program:
