1. Power on the chromebook by pressing the power button on the back left hand side of the device. There is a blue light that will light up when powered on.

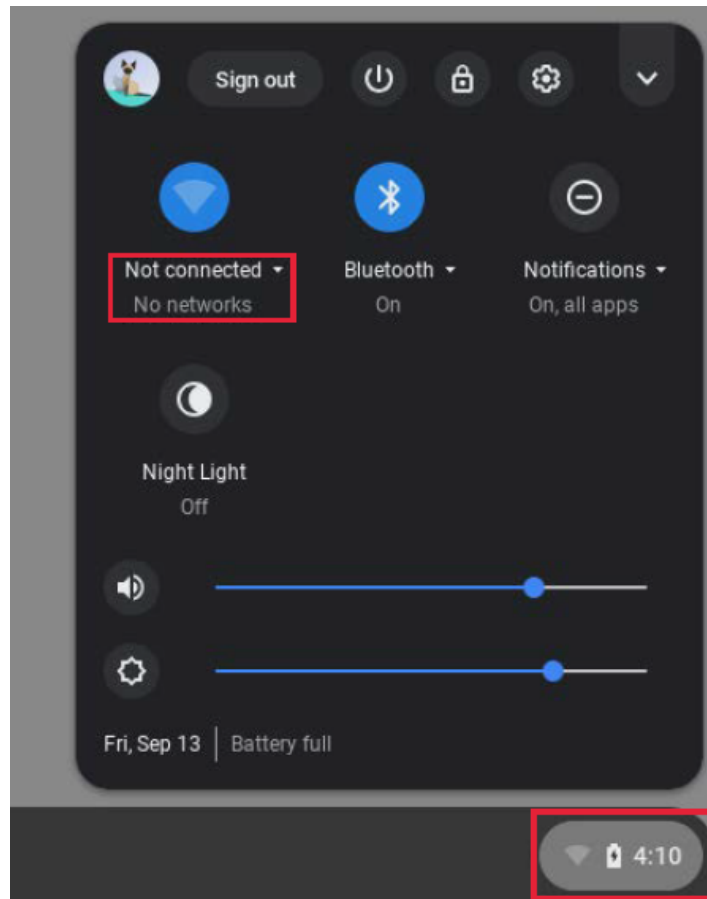

2. Once the device boots up you will be at the logon screen.

3. Press (or click) on the time on the bottom right hand corner of the screen.

4. After pressing/clicking on the time a menu will appear
5. Press/click where it says "Not Connected" Under the wifi symbol:

6. Find your wireless network name in the list and press/click on it

7. Enter your wireless network password and click Connect.
