**NJ State Testing Parental Notification of Planned Statewide Assessment 2021-2022**

Dear Parents and/or Guardians,

Pursuant to N.J.S.A. 18A:7C-6.6, school districts are required each year by October 1 to provide notification to parents and guardians regarding information on any state assessment or commercially developed standardized assessment that will be administered in the school district during the current school year. It is important to note that all students may not be administered all assessments.

**Specifically, we are required to share the following:**

- The subject area of the assessment and grade levels covered by the assessment;
- The date or range of potential dates for the administration of the assessment;
- The time allotted for the student to take and complete the assessment;
- Any accommodations or accessibility options available to students;
- Information on how and when the student and his/her parent or guardian can access both sample questions and answers to the assessment and the student's results; and
- Whether the assessment is required by the State or federal government, or both.

In response to the above requirements, listed below is the template calendar that meets all the criteria of planned assessments that our district will be implementing over the next school year. Please note that the district offers a full range of testing accommodations and accessibility options as required by law. If you have any questions regarding this information or regarding your child's graduation requirements, please contact your child's case manager or guidance counselor.

Upon the start of the 2021-2022 school year, testing dates and information has been initially scheduled as noted.
