4. Describe the action steps the school/district will take to reduce the opportunity gap in student possession of ASB cards and/or participation in extracurricular activities for the up coming school year.

We feel that 2021-22 was not a representative year for our school. Only students who participated in our limited athletic seasons and club activities were required to purchase ASB cards and many of those were FR eligible. We do not charge students to participate in sports, however, there is a uniform fee for cheer which we are currently looking into options to offer a "base" uniform to reduce that barrier. We have been utilizing a student athletic/activity survey to determine the barriers and interest, we will continue to utilize that survey each year.
