

Hello Jefferson Jaguars!

From now on my Zoom links will require you to be signed in with your u4sd.org account. If you are not signed in to Zoom when you click on the link, you will see an error message like this one:

If you get that error message, click , then . Enter your school email address and password. Once you are signed into Zoom, don't click the two buttons for start or join a meeting. Go back to the link in my Google Classroom - It will work this time!

In the future, you can go to the Zoom app on the Chromebook by clicking the  in the apps, and signing in before clicking on any of your Zoom links for the day.

If you're having trouble or these instructions didn't make sense to you, here is a [video](#) to help.

If you're still having trouble, here is another [video](#) that will show students how to login to Zoom so they don't have to login for every class.

Thank you for your patience as we learn to work together remotely!
