## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

Calaveras High School is located in the foothills of the Sierra Nevada Mountains and serves the Calaveras County communities of Burson, Glencoe, Jenny Lind, Mokelumne Hill, Mountain Ranch, Rail Road Flat, San Andreas, Valley Springs, Wallace, and West Point. It is the only comprehensive high school in the district. Toyon Middle School feeds directly to the high school and six elementary schools feed into the middle school. District boundaries encompass approximately 500 square miles. This wide area of service results in approximately 60% of the students relying on district transportation services in order to get to and from school (with some students having to spend as much as 1 ½ hours on a bus each way).

### History

San Andreas was selected as the location for the Calaveras High School in December, 1904, after the Calaveras Union High School district was approved by the voters on November 4, 1904. It was comprised of the entire county. High school classes began in September, 1905, in the Odd Fellows and Masonic Building on the corner of St. Charles and Main Streets. The first class numbered forty-four pupils, twenty-four in the General Culture (Academic) and eighteen in the Commercial class. The first principal, James Keith, served for sixteen years. He was the one most responsible for initiating the movement to form the Calaveras County High School District, and after serving four years as district attorney, he again became principal and served in this position until his death. He was known as the "Father" of the Calaveras High School District.

According to Dr. R. Coke Wood, in *Las Calaveras (The Land of Skulls)*: "The first graduating class was in 1910 with only one graduate, Maude Newland." He further states: "The school had grown to the point in 1926 where the Masonic Hall was no longer adequate, and plans were made for a new high school. As the first move, the Board of Trustees purchased thirty acres of ground from Clarence Getchell as a campus, and a bond election was held in 1926 to raise \$125,000 for the construction of the new building." The new school building opened in 1928. (*Las Calaveras* is the quarterly magazine of the Calaveras County Historical Society, still active today.)

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

### 2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### 2020-21 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21
Permits and Waivers	0.4
Misassignments	2.2

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## 2020-21 Career Technical Education Programs

CTE Programs at the school include the following:

Agriculture and Equipment Manufacturing  
 Forestry and Natural Resources  
 Medical Science  
 Auto I, II, III, IV

Project Lead the Way Engineering

Advisory committees are organized by subject area, including business, automotive, and technology representatives.

Programs support academic integration and achievement by providing students with opportunities to apply academic skills in occupational settings. Each program has a set of outcomes/requirements and assessment is primarily through monitoring of student achievement and program completion.

## 2020-21 Career Technical Education (CTE) Participation

Measure	CTE Program Participation
Number of Pupils Participating in CTE	523
Percent of Pupils that Complete a CTE Program and Earn a High School Diploma	77.9
Percent of CTE Courses that are Sequenced or Articulated Between the School and Institutions of Postsecondary Education	

## Course Enrollment/Completion

This table displays the course enrollment/completion of University of California (UC) and/or California State University (CSU) admission requirements.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

Parents and our community are very supportive of the educational programs at Calaveras High School. Parents are active in our various booster organizations for music, agriculture, athletics, drama, band and student government as well as in our School Site Council/English Learner Advisory Committee, and interview committees. In addition, we have a very strong Parents' Club that dedicates time and money to our programs, our teachers and their classrooms as well as campus-wide needs. The school also benefits from many local community partnerships, including Valley Springs Rotary Club, San Andreas Rotary Club, Deputy Sheriff's Association and their support of our athletic programs, Parks and Recreation and our joint use of the ball field in San Andreas, and partnerships with local businesses who participate in student work experience programs through community classroom opportunities and clinical site placements. Parents who wish to participate in Calaveras High School's leadership team, school committees, school activities, or become a volunteer may contact the school's main office at (209) 754-1811.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

<b>Expulsions</b>	0.45	0.00	0.16	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

In our community, it is possible for a major disaster to occur at any time. Natural disasters such as earthquakes or wildfires can affect our site. Calaveras High School recognizes its legal and moral responsibility to provide for the safety and welfare of its students and staff, especially in a disaster situation. The school is also aware of its role to work cooperatively with other community agencies to prepare for and effectively deal with a disaster situation in our community. Calaveras High School is ready and willing to serve as a Red Cross evacuation center for emergency needs that arise in and around our local communities.

It is the intent of the school and our district to assure the optimum safety and welfare of its students and staff by developing an effective emergency procedures plan and the necessary inservices/practice to carry out the plan. In 2012-2013, Calaveras High School participated with a county consortium in a number of planning activities to improve emergency preparedness. We still continue to work closely with the emergency planning department of local law enforcement and fire departments to plan and conduct practical fire and lockdown drills in emergency response.

Our plan is reviewed and tested at least annually in the areas of fire drill, lockdown drill, shelter in place drill, and active shooter drill, emergency response to injured students/staff on campus. Calaveras Unified School District, including Calaveras High School, has recently adopted the "Standard Response Protocol K-12". Areas of this include Hold, Secure, Lockdown, Evacuate, and Shelter. The School Safety Plan is updated accordingly and was last approved by the Board of Trustees on March 2, 2021.

## Professional Development

During the 2020-21 school year, CHS staff attended a variety of trainings to support virtual and hybrid learning during and after our COVID 19 shutdown. In the Fall of 2020, about 85% of the CHS teaching staff were trained in grading for equity. Teachers also attend outside professional development seminars/conferences that are relevant to our work with Common Core standards and Smarter Balanced Assessment as well as Next Generation Science Standards.

During the 2020-21 and 2021-22 school years, Calaveras High School used its Core Development Days provided to address district initiatives including Rigor, Relevance and Engagement, and instructional rounds, instructional practices with a focus on academic discussion, writing, and formative assessment. In the Fall of 2021, all teachers attended a full-day consortium on classroom-based trauma identification and supports. Core Days as well and co-plan afternoons, provide the time needed for work relevant to the WASC Action Plan. This is an opportunity to sit down and discuss our progress toward meeting our established goals and guide our work based on our teacher's surveyed needs for the next segment of the process.

Calaveras High School has 22 early release days for WASC Self-Study preparation, alignment of curriculum to standards; development, implementation, and analysis of common assessments, writing strategies across the curriculum, site safety, and meeting the needs of special education and socio-economically disadvantaged students in the regular classroom. We are currently implementing Positive Behavior Supports in Tier 2 this year and will continue to refine that work over the next few years.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
