2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

The mission of Jenny Lind Elementary is to create and maintain a safe and positive school environment with high expectations for lifelong success.

The staff of Jenny Lind Elementary believes that:

- A quality school is one in which staff works together and understands the continuum of expectations and standards throughout all grade levels.
- A quality instructional program includes a standards-based curriculum, ongoing assessment, clear objectives, differentiated instruction, and collaboration among staff and parents.
- An effective classroom is one in which academic and behavioral expectations are clear and consistent, and all students feel included as part of the classroom community.
- An effective educator/administrator has clear expectations, works collaboratively, and strives to meet the diverse learning needs of all students.
- A successful student is able to effectively communicate ideas, make good decisions, and meet or exceed grade-level academic standards.

The Jenny Lind Elementary staff is highly qualified and committed to working collaboratively to ensure the highest level of academic and social growth for all students. We believe in the concept of continuous improvement. We strive to continually improve our school's instructional program, support services, and community outreach as we work to find the most effective ways to serve the students and families in our community. We strongly encourage parents/guardians to become actively involved in our educational program. Professional development is ongoing, and we leverage opportunities to build a sense of community that best ensures high academic achievement for all students.

We have an active School Site Council that meets regularly to monitor the school's progress, and ensure that we are providing the best possible academic program for our students. Our reading and math programs provide core academic instruction for all students, as well as intervention for students who need additional support. Our Special Education staff teaches and provides case management support for students with IEP's in a Learning Center environment.

2021-22 School Overview

The Jenny Lind School Safety Plan is focused on creating a safe and motivating campus environment that supports each student in achieving at his/her highest potential. We work hard to maintain a safe school environment, which includes a strong anti-bullying policy. Jenny Lind Elementary staff members model and teach positive character traits throughout the year. Our teachers and mental health professionals provide support for students in the form of class meetings, community-building circles, incentive systems, and group and individual counseling. All students are taught how to use "I Messages" to express feelings and needs, and a Peacemaker Program is in place to help students resolve interpersonal conflicts.

Our Parent Teacher Organization (The Prospectors) is committed and active, providing family events throughout the year. The PTO enhances the educational program by providing financial support to fund music, art, and garden education. All parents/guardians are encouraged to participate in the PTO, volunteer in the classroom, and/or help out with any of our other educational programs. Please contact the school office or your child's teacher if you would like to become more involved.

At Jenny Lind Elementary, our students are our greatest treasure. As educators, we take great pride in seeing the growth and learning that our students achieve as they progress throughout their elementary school years. By working collaboratively as a team, and with the families we serve, we strive to fulfill a mission that is near and dear to our hearts.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Even though Jenny Lind Elementary received good marks in all of the systems that were inspected, we are committed to making our campus as aesthetically pleasing and functional as possible. The school's custodial crew works diligently on a daily basis to maintain the facilities so they are clean and safe for students and staff.

The school principal meets regularly with personnel from the district's maintenance department as well as the school's custodial staff. A meeting takes place before each extended break to plan and coordinate the work that will be done when the custodial crew has time to work on more extensive projects.

A school beautification committee has been formed. Plans have been made to do touch up painting, add murals, and improve the school's landscaping. Some touch up painting around the campus has already been completed this year.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Jenny Lind Elementary School parents and community members are valued members of the school. Parents volunteer in classrooms each week, at special events throughout the year, in the library, and for Parent Teacher Organization (PTO) events and projects. Collectively, we log thousands of volunteer hours each year, and the PTO raises over \$12,000 each year and donates it back to our classrooms and school programs. This year, the PTO funded presenters for our Fine Arts Day, classroom art lessons, music classes, classroom instructional supplies, Trunk or Treat, and Santa's Breakfast. For more information or to be involved with our PTO, please call our school office at 754-2350 extension 3336 or ask to leave a message for our PTO representative.

Our School Site Council includes active parent members who provide input to develop our School Plan for Student Achievement, Title I Budget, and our School Safety Plan.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

School safety is a top priority at Jenny Lind Elementary School.

Our School Safety Plan is a comprehensive document that outlines procedures for staff and student safety. Safety concerns are addressed throughout the year during School Site Council and Staff Meetings. The overall School Safety plan is reviewed and revised on an annual basis with the most recent revision finalized in April 2021.

The School Safety Plan includes regular fire and earthquake drills, intrusion preparedness and lockdowns, emergency response procedures and lists, emergency bags in classrooms, emergency duties, and a schedule of practice drills.

We are committed to providing a safe and positive school for all students. Jenny Lind is in year one of Positive Behavior Intervention Supports (PBIS) implementation, and all aspects of student safety are taken very seriously. In March of 2005, the Jenny Lind staff developed and implemented its "No Bullying Policy," which includes a Compassion Pledge. We place great importance on the development of character. Each month a character trait is highlighted, and students are recognized at our monthly award assemblies. Praise Notes, which recognize positive behavior, are read aloud during the Morning Announcements. Students are also recognized and rewarded for positive behavior on the playground and for their attendance.

Jenny Lind welcomes visits by parents and community members. During school hours, visitors are required to sign in/check in at the school office before entering any buildings or classrooms. All persons must wear a visitor's badge during their stay. Any parent/guardian wishing to visit during school hours should notify the teacher ahead of time.

Professional Development

Professional development is a high priority at Jenny Lind Elementary School. Teachers participate regularly in school level instructional development and trainings, district sponsored staff development trainings, as well as state and national level trainings. Our current professional development model is based on a Multi-Tiered System of Support (MTSS) through the statewide SUMS initiative. It includes PBIS implementation and the implementation of a rigor, relevance, and engagement framework provided through the International Center for Leadership in Education (ICLE).

Calaveras Unified offers three Core Professional Development Days scheduled throughout the school year. These days provide site and district opportunities to participate in a variety of professional development activities. Participation in Core Development Days is mandatory for all certificated staff, and classified staff members are welcome to participate. In addition, all teachers are required to attend two staff meetings per month, whose main purpose is to provide professional development opportunities.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Student Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
