2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

San Andreas Elementary School was established on its current site in 1856 during the California Gold Rush as a one-room schoolhouse for the children of this rural, Motherlode foothill community. Today, San Andreas Elementary has expanded into six buildings housing our 24 classrooms, office, library, technology lab, and multi-purpose room, serving just under 300 students of San Andreas, California-the county seat of Calaveras County.

San Andreas Elementary School's mission is to help all members of our school community develop a passion for learning and respect for self and others. We strive for continuous improvement - in our academics, personal and civic responsibilities, appreciation and understanding of the arts, and our personal health and well-being. At San Andreas Elementary we are safe, responsible and respectful. Our students and staff show respect, make good decisions and solve problems. We are proud of our Wildcats.

We have a focus on improving academic performance, increasing attendance, providing meaningful professional development to our staff, using technology to enhance student learning, increasing parent involvement, and positive student engagement.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade Level	Percentage of Students Meeting Four of Six Fitness Standards	Percentage of Students Meeting Five of Six Fitness Standards	Percentage of Students Meeting Six of Six Fitness Standards
Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

San Andreas Elementary School values parent involvement and is always looking for ways of increasing parent and family participation in the school. Over the past two years COVID has had an impact on how much we have been able to host family events.

We have an active Parent Teacher Club that meets monthly, and all parents are notified of meetings through our weekly parent newsletter that is sent home with each child and emailed to every parent, as well as being posted to our school website. Due to COVID these meetings have become virtual. This group is a vital link to other community organizations, supports our students through fundraising activities, and includes members that are involved in every aspect of our school. They run our Wildcat Student Store, which is an important component in our PBIS system for rewarding student behavior. Additionally they run the "Secret Santa" shop in December which gives our students an opportunity to purchase gifts for their family members. They also host several events every year including dances and game nights.

We also have a School Site Council that includes parents, staff, and other community members. This group meets once a month and serves as our Title I Advisory Committee and develops our School Plan for Student Achievement (SPSA). The SPSA includes parents in an analysis of performance and environment data and provides direction for linking our resources to specific student needs. As a School-Wide Title I School, all parents are invited to an annual Title I meeting. Back to School Night, Open House, Community Advisory Council for parents of special needs students and district level meetings provide other opportunities for parents to get involved.

Once a year we conduct a parent survey to gather feedback from our families and community about how they feel the school is doing. The results of that survey are reviewed by the principal and staff, and are used by the School Site Council to help guide the School Plan for Student Achievement.

Title I funded parent involvement activities, classroom participation, and trainings through partner agencies are other examples of opportunities for parent involvement. In addition, staff and the PTC organize evening events for family participation such as Family Reading Night, Family Math Nights, Bingo & Spaghetti, a family dance, Winter Performance and Jog-A-Thons. To keep parents up to date on their child's academic progress, parents are invited to Parent-Teacher Conferences at least one a year and receive progress reports.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Our comprehensive school safety plan is included in the teacher binder and is reviewed with the teachers at the beginning of the year. Additionally, a few years ago we implemented a safety flip chart located in every regularly occupied room throughout the school to provide teachers, classified and substitute teachers quick access to emergency response procedures for a variety of critical situations. Two years ago we have also implemented an emergency communication system to allow staff to communicate with each other in the event of an emergency. This past school year we have added Standard Response Protocol as a way of clarifying communication in the event of an emergency and have added a poster to every classroom outlining the communication used during various emergency situations.

Calaveras Unified has a district safety committee and the principal and two classroom teachers are members of that committee. That committee meets once a month to discuss district-level safety concerns and looks for ways to address those. Additionally, the district has hosted two safety town halls, and the site principal has participated in those as a member of the district safety committee.

We conducted staff and parent surveys to determine the greatest safety issues and developed plans to address those areas of need.

In addition to monthly fire drills, our safety plan includes quarterly lock-down drills. We conduct lockdown drills in conjunction with the Calaveras County Sheriff's Department. Our staff have previously been trained in A.L.I.C.E. procedures for active shooter scenarios. Each classroom has an emergency bag that contains instructions and maps as well as a small first aid kit. Additionally, each classroom is outfitted with an emergency bucket that includes supplies that can be used in the event of a longer-term shelter in place emergency situation.

2020-21 Types of Services Funded

Our Title I funds are used to provide two paraprofessionals who work directly with students in reading and math instruction. We have a differentiated block of instruction where students in grades 1st and 2nd and 3rd grade are combined and then grouped in small groups based on their specific needs as measured by the results of their diagnostic reading assessments that are administered 4 times a year, as well as classroom teacher input. These students then work in small-group instruction utilizing our classroom teachers, the two Title I paraprofessionals and our library media specialist. This past school year the district has used COVID funds to help provide two additional teaching positions. One of those is being used to help reduce class sizes and eliminate the need for combination classes and the other is being used as a pull out intervention teacher.

The two Title I paraprofessionals work with all of our classes to help where needed. They provide instructional support during center time for our TK and Kindergarten classes and provide pull-out support for individual or small group tutoring. Additionally they help support our English Language Learners by providing targeted ELD instruction.

Calaveras Unified also provides a school counselor four days a week who work with our students who are needing those services. The district partners with the Calaveras County Office of Education for special education services and they provide school psychologists, occupational therapists, speech therapists, adaptive P.E. specialists as well as registered behavioral therapists and Educationally Related-Mental Health Services and other related special education services.

Professional Development

There are three district-wide CORE days every school year where the district's Instructional Leadership Team (ILT) gathers input from the teachers and works to provide professional development to meet those needs.

The district has continued its work with the International Center for Leadership in Education (ICLE). We have been focusing on the district's signature instructional practices of Writing Across the Curriculum, Formative Processes, Academic Discussion build on a foundation of positive relationships.

At the site level, we have regular staff meetings, twice a month, where teachers and administration review school data and discuss the progress we're making on our goals. Much of the work this year has focused on the district-level work with PBIS, MTSS and will shift to include the ICLE work. Also, every other week we have teacher collaboration time during our "Workout Wednesdays" where teacher teams have planning time together. Every Friday is an early dismissal to provide for teacher preparation time.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
