

Procedure for students to obtain Working Papers

Any Klinger student or middle school age student at a non-public school who lives in Klinger's zone can obtain working papers at Klinger M.S. We can provide the Application for Work Permit or it can be downloaded from the Centennial S.D. website. The application must be completed and then signed by the student's parent. There is **no** longer a requirement that a parent/legal guardian sign the application in the presence of the issuing officer.

The student should bring the completed application and proof of birth (birth certificate, baptismal certificate, passport or other documentary evidence) to the Lower Office at Klinger. We will then issue a Work Permit (PDE-4566).

If you have questions, please call Mrs. Irizarry in the Lower Office at (215) 364-5950 Extension 13012.

Note: High School students must obtain working papers through the WTHS College and Career Center.
