OFFICE OF
THE SUPERINTENDENT

Public Notice of Intent to Apply

In accordance with the Texas Education Agency (TEA) guidelines, Jim Hogg County Independent School District, in partnership with Zapata County Independent School District, is required to inform our community and our stakeholders regarding our intent to apply for the 2023-2024 Nita M. Lowey 21st Century Community Learning Centers (CCLC), Cycle 12, Year 1 grant application on behalf of our 3 schools. The following schools are participating in the program: Hebbronville Elementary, Hebbronville Junior High, and Hebbronville High School.

This grant program supports the development of community learning centers that offer academic and enrichment opportunities to students during non-school hours, especially those who live in high-poverty and low-performing schools. Through the program, students can meet state and local student standards in reading and math; they can participate in enrichment activities that can complement their regular academic programs; and their families can receive literacy services and other educational services.

Grant applications will be submitted by January 23, 2023, to the Texas Education Agency (TEA). If you have any feedback or suggestions, please share them with us.

The grant application will be available for public review after submission of the application.

If you have any questions, please get in touch with Fantina Garcia, ACE Project Director, at (361) 527-3203 or via email at fgarcia@jhcisdpk12.org.

We appreciate your support!
