Dyslexia Programming (IC 20-35.5)

Indiana Code 20-32-8.5 requires the Indiana Department of Education (IDOE) to report student data from the dyslexia universal screener to the Indiana Department of Education.

Each school corporation or charter school must report the following to IDOE within the yearly reading plan required by Indiana Code 20-32-8.5:

- The number of students who were administered the universal screener for dyslexia;
- The number of students who were determined to be at risk or at some risk for dyslexia; and
- The selected universal screener for learning characteristics related to dyslexia which was used to screen students in kindergarten through grade two for characteristics of dyslexia

The school must also post results from the dyslexia related information to the school's website not later than July 15 each year.

Cloverdale Community School Corporation Dyslexia Information			
School	Intervention Program	# of students receiving interventions	# of students identified with dyslexia
Cloverdale Elementary	Ready Reading & i-Ready Diagnostic w/ Instruction
