2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

John Reed's mission is to prepare students to be lifelong learners and responsible individuals who are respectful of individual differences. Students will be supported by staff, parents, and the community working together to create a caring environment. At John Reed there is an expectation that students will: acquire and apply skills; work cooperatively; be effective communicators; reach their maximum potential; be risk takers and problem solvers; and have a sense of self worth. Students are encouraged to visualize their school theme: "Leaping Into the Future". John Reed Elementary School values the safety, the happiness, the individuality and the success of each student. Parents, families, students, staff, teachers and administrators work together to create a school culture that strives for equity and academic excellence in a safe environment. Equitable access empowers students to learn and grow.

John Reed Elementary School will ensure the safety, the happiness, the individuality, and the success of each student by following a PBIS framework along with active anti-bullying assemblies that all teachers and students are trained in. Parents, families, students, staff, teachers and administrators work together to create a school culture that strives for equity and academic excellence in a safe environment. In order to achieve this, the school will provide state adopted curriculum that is equitable, rigorous and differentiated for all learners. Equitable access empowers students to learn and grow.

John Reed Elementary is a TK-5 school. It is the oldest school in the district and was built in 1962. There are currently 393 students enrolled. Approximately 78% of students are eligible for free or reduced price meals; or have parents/guardians who did not receive a high school diploma. Approximately 61% of the students are English learners that who are learning to communicate effectively in English. Approximately .2% of the students are foster or homeless youth. 77% of the students are Hispanic, 13% are white, 3% Asian, .4% African American and approximately .1% described as "other." We have high expectations for all our students and focus on preparing our students to be lifelong learners.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

School Facility Conditions and Planned Improvements

John Reed, constructed in 1961, is the oldest school in the Cotati-Rohnert Park Unified School District. John Reed contains twenty-three classrooms, a school library, a computer lab and a multi-purpose room. Three classrooms that house our after school YMCA program are housed in portable buildings. John Reed has been modernized. The first phase of reconstruction began in June 1999, with classrooms in A and D wings renovated by September 1999. Reconstruction for classrooms in B and C wings took place in the summer of 2000, and the office and kindergarten wing 4 were under construction the summer of 2001. Remodeled classrooms included additional wiring for computers and additional storage for materials. The school was repainted during the summer of 2001, with the two portable buildings painted in the summer of 2002.

District maintenance staff continues to improve the general appearance and condition of the school. As with all schools, John Reed had safety inspections by the fire marshal, health department, and insurance carriers. Reports have been positive, and when problems are noted, they are addressed quickly. Reed passed two County and three State inspections in 2005 as part of the Williams Act. Reed successfully passed another Williams inspection in August 2019. Handicap accessibility needs and improvements are continually reviewed. The three-year asbestos re-inspection was completed in December 2011.

A complete renovation was conducted during the summer of 2018. The school increased from approximately 250 students to 450 students. The grades served are currently TK-5. All rooms were repaired/re-painted and had carpet installed. In addition all rooms received new furniture that features flexible seating arrangements. Three portables were added to the front of the building-two house the Learning Centers and YMCA. In addition, one portable was added in back of the building to make three portables for the YMCA program.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents are encouraged to become involved in PTA, ELAC and School Site Council. Opportunities for parents to become engaged in the school is encouraged weekly with invitations for parents to become PTA members and volunteer for PTA sponsored evening events. The PTA meets monthly and sponsors many activities such as the Walk-a-thon, Dine and Donate, and other family engagement activities and fun nights. Covid has significantly impacted the role of parent engagement in person at John Reed, but efforts to bring parent involvements have not ended. Parents are invited to attend all meetings online, with preferential timing taken into consideration through surveying parents as to best timing. Parents have been given the link for the Youth Truth family input survey to gather more information and stakeholder input.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

John Reed School has a comprehensive school safety plan which addresses maintaining a safe school culture as well as disaster preparedness. The Comprehensive School Safety plan had an annual review and was updated at the School Site Council meeting on 11/19/20, a follow up to review the current school safety plan is tentatively planned for the School Site Council meeting scheduled for 1/20/2022. John Reed students and staff follow a schedule of safety drills and procedures to ensure that all know what to do in a variety of situations. Tactical safety plans are held in the office and confidential staff viewing only. John Reed Elementary School complies with existing laws related to school safety. These include: Disaster Procedures, District School Suspension and Expulsion Policies, Procedures to Notify Teachers of Dangerous Pupils, Sexual Harassment, and Procedures for Safe Ingress and Egress of pupils, parents and staff To and From School, and Safe and Orderly Environment conducive to Learning. These policies and procedures are regularly reviewed and posted. We post Seth's law and offer a Uniform Complaint Procedure (Board Policy 1312.3 Uniform Complaint Procedures) process (Board Policy 5145.3-Non-Discrimination/Harassment) to ensure that students and staff are free from bullying and harassment.

We practice and reinforce Positive Behavior Interventions Strategies on a daily basis. We utilize a school wide program, PBIS, to foster positive problem solving skills and the development of empathy and respect. In addition we have a part-time school counselor and school psychologist. Students are given clear behavior expectations both in the classroom and in the common areas of the school. Teachers view videos with students and then follow PBIS lesson plans to teach, consistent school wide expectations. We recognize students for making good choices at our weekly assembly and by awarding Positive Office Referrals and Leopard Spots for modeling expected positive behaviors.

Professional Development

Professional Development in the Cotati-Rohnert Park Unified School Districts targets research-proven best practices. In addition to three days of training provided outside of the student instructional year, teachers have numerous opportunities to develop as professionals through district-sponsored trainings offered through release time and on regularly scheduled professional development dates. The elementary schools have two afternoons per month for professional development. The site is implementing Professional Learning Communities that review student progress data. The Professional Learning Communities support teacher and student growth and allow teachers time to discuss differentiating their lessons and how to provide multiple opportunities for students to demonstrate their learning and growth. This school year professional development has focused upon small group guided reading instruction, and Professional Learning Community protocols.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
