2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

At Marguerite Hahn Elementary, we partner with families to give all students a strong foundation. Our school vision is to create a community of lifelong learners using a meaning-centered curriculum where all individuals, skills, and talents are respected. All learners will strive to be caring, ethical, responsible individuals who embrace personal, social, and academic challenges that promote resiliency and acceptance of self and others. We have an ongoing commitment to provide an optimal education for all. At Marguerite Hahn Elementary School, we have four expectations: Be Safe, Respectful, Responsible, and Kind.

At Marguerite Hahn Elementary, our focus is learning. Teacher meet regularly in professional learning communities (PLCs) to look at student data and academic progress. During these meetings, we adjust instruction and plan for future lessons, ensuring that all students are making academic progress. We also believe that a focus on learning includes students learning from their mistakes and how to deal with conflict. We are committed to talking with students and helping them learn from experiences and interactions so that they can grow both socially and emotionally.

Our PTA helps support our positive school community through family after school events, sponsoring on campus activities, and supporting with field trip costs. We encourage all of our families to be involved and be involved in our community. We believe, that when we come together as team, we are able to provide the best learning for students. Together, we make up Team Hahn.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Hahn is located on approximately ten acres adjacent to Honeybee Park. The school is made up of varied types of construction, with 16 portable classrooms and 3 permanent buildings that house 10 classrooms. School operations originally began in 1978 with three permanent classroom buildings. The MU was built in 1987. Additional permanent classroom buildings and the office complex were constructed in 1999. In the summer of 2008, two (2) portable classrooms were added to accommodate the increase in enrollment. The YMCA program is also housed in a doublewide portable on campus.

Like all District schools, the fire marshal, health department, and insurance carrier have inspected Marguerite Hahn. The reports are positive, and when problems are noted, they are addressed immediately.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Marguerite Hahn School is a TK through fifth grade school in the suburb of Rohnert Park, a city of approximately 50,000. It is located in a middle class neighborhood of primarily single-family homes near a golf course and small, neighborhood shopping center.

At Marguerite Hahn Elementary School, we believe that a strong partnership between school and home is essential. Teachers hold parent-teacher conferences each year, teachers are also happy to meet with parents at other times that can be scheduled via e-mail, Mrs. Hankerson also has an open door policy and encourages families to reach out or stop by the office. Every Friday there is a Principal Newsletter that goes out via e-mail in the afternoon. Parents can also get updated information via the school social media pages. We love having parents volunteer on our campus, as soon as guidelines open up and we are able to have parents on campus, we encourage families to help in the classroom or office. There is at least one parent survey sent home each school year, but we encourage feedback throughout the year.

Hahn also has an active and involved Parent Teacher Association (PTA) organization. The PTA meets several times throughout the school year, parents are notified of meetings via the Principal Newsletter. The PTA sponsors spirit days, walk and roll to school days, supports an art program, and prizes for student achievement and growth. Parents can follow the Hahn PTA facebook page, look for flyers in homework folders, sign up to help using the sign up genius website which goes out in the Principal Newsletter before events.

We truly believe in partnering with parents in supporting their child, we enjoy working with you throughout the school year.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.22	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

There is little crime in the neighborhood or on the campus. It is important to us that we maintain an environment in which safety and security of our students is the goal of the entire community. In accordance with Education Code 35294.6. Hahn's Safety Plan is reviewed, evaluated and amended each year by site council.

Each month, various types of emergency drills are practiced during the school day including: Disaster Procedures, District School Suspension and Expulsion Policies, Procedures to Notify Teachers of Dangerous Pupils, Sexual Harassment, and Procedures for Safe Ingress and Egress of pupils, parents and staff To and From School, and Safe and Orderly Environment conducive to Learning. In addition, staff practices various scenarios and roles that they may experience during emergency situations during monthly staff meetings, including: active shooter, student allergies, what to do if a you suspect a head injury on the playground, etc. At least one time a year, students, staff and parents practice a full scale earthquake drill, where kindergarten students are released to their families using our emergency release system.

Staff reviews the safety plan each fall and makes changes to any roles. During emergencies (and drills) staff use lanyards with student emergency contact information in them to take attendance. Depending on the emergency and location of the event, staff will observe the situation and act accordingly, taking students to the safest location. Staff communicates with the office via Walkie-Talkies about students being accounted for or if they are missing.

The PTA has provided first aid and emergency materials, we also ask that parents send students with a bag of non-perishable food to be kept in the classrooms. The complete version of the School Safety Plan is available online and in the school office.

Professional Development

Professional Development in the Cotati-Rohnert Park Unified School Districts targets research-proven best practices. Before school started, staff had training in identifying target standards and year long pacing during distance learning. In addition, Hahn has two afternoons per month for professional development, during this time staff receives training in areas of need, including- technology, curriculum & standards, and student social/emotional support. During PLC meetings, teachers identify a priority standard, share successful teaching strategies based on data, and plan instruction and next steps.

Our site has focused upon improve instructional practices as well as student and family relationships. This year, professional development has focused upon Universal Design, Instructional Technology, and Professional Learning Communities.

Our second, third, and 5th grade team, spend time giving the Lexia Rapid Assessment, and teachers use the data to plan instruction. We work closely with Lexia to provide support in looking at the data and planning instruction. One of our district mottos is "learning for a lifetime" and we promote adult learning as prerequisite to continuous school and district improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
