2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

We are a Transitional Kindergarten through fifth grade elementary school that also houses a Special Education Preschool Program that includes three Special Day Classrooms and Speech and Language Services for students three years and up. We have approximately 250 students not including the students who come for speech only services.

At University Elementary we are a joyful and diverse learning community working to promote collaboration, positive relationships, and rigorous project-based education in and beyond the classroom. We strive to empower all students to become active, curious, creative, and effective thinkers.

The mission of our school is to establish, and sustain an environment that is safe and ensures every student attains a high level of academic achievement as determined by state standards and assessments. Students are empowered to become active, curious, creative, and effective thinkers as measured by student engagement in hands-on experiential and project-based learning opportunities. We commit to delivering a support system to assure these outcomes.

We will accomplish this through a variety of learning opportunities and on-going purposeful assessments, committing resources and support to assure this outcome. Each year our goal is for our students to work toward and meet proficient levels of achievement on state and local assessments. Student academic success is supported through a variety of regular assessments and this data is used to plan instruction targeted to all levels of student learning.

University Elementary supports learners through the Response to Intervention model. Extra targeted instruction is provided with Learning Center supports in math and writing. Teachers work collaboratively to plan instruction within and across grade levels to build a cohesive instructional program. Teachers are supported in a variety of staff development opportunities.

Student and staff safety is a high priority. University Elementary has a public address system and phone system allowing for instant messaging and communication to staff and parents. New technology has been integrated into the classrooms to notify teachers in the event of an emergency. We have a messaging system that runs across the bottom of the clocks and the use of radios/walkie talkies to communicate a need for behavioral support and sharing of emergency information.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

University Elementary has an active Parent Teacher Association. (PTA) It organizes fund raising activities to provide resources to support special school events and additional support services. Our School Site Council monitors the progress of our programs and participates in projects that enhance the school environment, support the instructional programs and gather staff and parent input regarding student progress. The ELAC committee meets to discuss general school and district related issues in a setting that fosters participation and input from the parents of our second language learners. There are designated periods scheduled during the year for parents to participate in conferences with the Instructional staff. The community is also encouraged to contact staff members when they have concerns or need assistance. The monthly newsletter provides information of interest to the University Elementary Community. Parents and other family members of our students provide volunteer support in the classroom, on the playground and on fieldtrips. Our project based learning (PBL) curriculum is driven by inquiries and parents participate by co-teaching, gathering materials, coordinating guest speakers, and also acting as an authentic audience for our PBL Celebrations, wherein students showcase what they learn. Volunteers sign in at the office and wear volunteer badges. We appreciate their support and help! They are a valuable part of our school and exemplify our strong home/school connection.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.22	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

University Elementary School complies with existing laws related to school safety. These include: Disaster Procedures (fire and earthquake) and procedures for conducting tactical responses to criminal incidents. District School Suspension and Expulsion Policies, Procedures to Notify Teachers of Dangerous Pupils, Sexual Harassment, and Procedures for Safe Ingress and Egress of pupils, parents and staff To and From School, and Safe and Orderly Environment conducive to Learning. These policies and procedures are regularly reviewed and posted. Each year the University Elementary School Comprehensive School Safety Plan is reviewed, evaluated and amended if needed by the School Site Council. In addition, our staff continues to address school safety on an ongoing basis by identifying and addressing issues as they occur throughout the year. Finally, staff and students participate in regular practice of safety drills to better prepare themselves to handle emergencies. All staff have access to radios for emergency communication. We also post information about Seth's Law in our office - Board Policy 5131.2, Non/Discrimination Board Policy, Bullying Board Policy 5145.3, and offer a uniform complaint procedure Board Policy 1312.3 . Our school and district is working to improve climate and culture at all sites. As a result we are working with the Youth Truth Survey and regular survey check-ins with the community to identify areas for improvement and then strategies to implement. This year we are also training our primary grades as Safe School Buddies and our intermediate grades as Safe School Ambassadors. These programs are intended to prevent bullying and mistreatment of students.

Professional Development

Professional Development in the Cotati-Rohnert Park Unified School Districts targets research-proven best practices. In addition to three days of training provided outside of the student instructional year, teachers have numerous opportunities to develop as professionals through district-sponsored trainings offered through release time and on regularly scheduled professional development dates. The elementary schools have two afternoons per month for professional development. Trainings have been focused on enrichment and building capacity. The district implements the Common Core State Standards so these professional development days support this instruction. University Elementary emphasizes problem and project based learning utilizing experiential learning opportunities. One day each month targets English language arts and one day targets mathematics. Data meetings are held to discuss student achievement, progress and next steps. One of our district mottos is “learning for a lifetime” and we promote adult learning as prerequisite to continuous school and district improvement.

This table displays the number of school days dedicated to staff development and continuous improvement.

Cotati-Rohnert Park Unified School District 2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school’s local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs’ federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
