For College Board

(Must have a college board account. If you have ever registered or taken an SAT you have a college board account. You also likely have a college board acct if you took any AP Class last year. If you do not have a college board acct. create a new one but you cannot use your school student email so make sure you set it up with a personal email)

SAQ Practice. I encourage you to try one. This is NOT an essay, just a two-sentence response to what the prompt asks. Choose either question and submit along with the other assignment for feedback. SAQs are a primary feature of our AP class.

Do not hesitate to email if you have questions. I check email daily.
