### **TRANSPORTATION PROGRAM**

It is the intent of the Town of Webb Union Free School District Board of Education to comply with the New York State Education Law; with the regulations and of the Department of Transportation, Department of Motor Vehicles and SED; and with the Commissioner of Education's regulations and decisions pertinent to the transportation of pupils, and these shall govern any questions not covered by specific declaration of policy.

The Board's policies shall cover transportation to and from school, to required special services, to extracurricular activities, and on field trips.

The Board of Education has a legal obligation to preserve the health, safety, and welfare of bus-riding children. The board's intention is that in no way shall education suffer as a result of transportation or lack of it.

The responsibility for administering the transportation program of the District shall rest with the Superintendent of Schools, and/or his/her designee. She/he shall develop regulations and procedures for use of all vehicles in accordance with applicable laws and board policy.
