## **Mission Statement**

It is our goal to recognize Sandstone, Askov and East Central students that have distinguished themselves by their contributions in their field of work/study, to their individual communities, and to society as a whole. By providing these positive role models to our current students, they will understand the positive impact ECHS has made on individuals from our community in the past. This inspiration will provide hope and relevance to our current students in their areas of studies as well as extra-curricular opportunities.
