Part VII: Monitoring Student Progress

- 13.** Describe how your LEA will consistently apply the selected equity analysis and diagnostic assessments to evaluate and monitor student progress and effectiveness of the strategies/interventions implemented to address gaps in student learning and well-being.

For example:

“Our district uses an equity analysis process every three months to monitor progress, adjust strategies and identify student learning gaps.”

Using data and an analysis process has been a priority for our District well prior to COVID and the notion of "learning loss". Oroville School District is an RTI district that embodies the PLC process that uses data and action learning to drive district, building and classroom level decisions to support students and their needs, clinically, within a tiered instructional framework; Data analysis occurs annually as a district with staff, and then, at a minimum, every six weeks at the building level, as well as weekly and every three weeks at the classroom level.

Part VIII: Supports for Strategies/Interventions

- 14.** Of the strategies/interventions your LEA has implemented or is planning to implement, identify **up to three** in which your LEA has the knowledge, skills, and capacity to mentor another LEA.

Multi-tiered System of Support
Strategic Staffing
Professional Learning

- 15.** Of the strategies/interventions your LEA has implemented or is planning to implement, please identify **up to three** strategies for which your LEA needs more support.

Early Literacy Instructional Strategies (Dyslexia Screener)
Data to Drive PLC Meetings (weekly, not monthly or yearly)
SEL, Interventions and Instructional Strategies Embedded in Classroom Instruction
