

## Grading Practices

School: Bayside High School

Subject(s): Business

Grade Level: 9-12

### Homework

Homework will not count more than 10% of a student's cumulative grade.

### Late Work

Late work will be accepted until the end of a grading period, with a deadline of 7 days prior to the grading period ending date. However, late work will be penalized: for one class late, there is 20 percent penalty. For two or more classes late, there is 40 percent penalty.

### Explanation of Zeroes

If a student does not complete an assignment, for whatever reason, within a week time limit, a Zero will be placed in the gradebook. The student will have until the end of that grading quarter to complete their missed assignments and have the zero removed. The penalty will be similar to late work. One class late: 10 percent penalty. Second class late: 20 percent penalty. Third or more classes late: 40% percent penalty.

### Reassessment

After additional help, tutoring, or makeup sessions, students who received a failing grade on a unit test may retake a different unit test with a grade no higher than a B. If a student does not show up for the second test within one week prior to the end of the grading quarter, then the failing grade will stay.

### Make-up Work

Make-up work assigned but not completed one week prior to the end of the grading quarter, shall be recorded as a failing grade. Work for unexcused absences can be made up within one week prior to end of grading quarter.

### Extra Credit

Extra credit will be given above assigned class work for student's participation in the class's co-curricular student organization during the grading period.
