

Grading Practices

School: Bayside High School

Subject(s): Math

Grade Level: 9-12

Homework

Daily homework assignments shall not exceed 10% of a student's cumulative grade.

Late Work

Any work submitted late cannot exceed 70% of that assignment grade and must be turned in within 3 class periods.

Explanation of Zeroes

The teacher will record a "z" in grade book to alert student that work is missing and needs to be turned in. After 3 class periods any work not submitted will result in a zero.

Reassessment

All students will be given the opportunity to reassess summative assessments (Unit Assessment not projects) with the following conditions:

1. Student must make an appointment with teacher for additional instruction.
2. Student must have all homework and classwork completed before the appointment for additional instruction.
3. Student's grade will be the average of the original test score and reassessment score. Reassessment grade will only count if higher than the original assessment score.
4. The reassessment must be completed prior to the next Unit Assessment.

Make-up Work

Regardless of the type of absence, students will be given an opportunity to make up any missed assignments. Students will receive 3 class periods per day absence to make up any work. All work should be made up a week prior to interim progress reports or end of quarter grading period (whichever comes first).

Extra Credit

See BHS Extra Credit Policy.
